

VELUTIS PAPER TOWELS

Velvet in every touch!

Velutis paper towels are designed for those who value quality, durability, and superior absorbency. Made from 100% 2-ply cellulose, they offer a pleasant texture and a strong structure, making them ideal for daily use in the kitchen, around the house, or in commercial spaces.

Their high absorbency allows for fast, efficient cleanup of spills and surfaces, while the durable material holds its shape during use. Unscented and dye-free, Velutis focuses on simplicity, efficiency, and material quality.
